Representative Council of Learners
District Coordinators
RCL Training - A Toolkit Approach

One or both levels can be done depending on how advanced the RCL is:

Level One: 1 Day

Organizing the RCL - Getting Ready for Action

The first level workshop focus on the basics that many RCL's struggle with i.e. Structure and organisation, constitution and job description

Level Two: 2 Day

Doing My Job with Pride: User Friendly Peer Policing Methods

We train the RCL in **User-Friendly Peer Policing Methods**: The focus of the training includes a strong emphasis on the obstacles and fears that they have to deal with in exercising their duties. Furthermore, the training equips them with practical ideas and a guideline code of conduct booklet for use by all learners in the school. Learners at the end of one or two of these two workshops should be well equipped to engage in their duties in a very organized and directed fashion.
